Dear Mr Birch

I was given your
name by Mr Brown of the
Old Comrades Association, as
he thought you had been
with my brother Lt. Col. Geoffrey
Keyes in No 11. Com-mando.

I would be very glad
to hear from you any
details of any of your

experiences with either No 8
or No 11. Commando, as
I am helping Mr Saunders
who is writing a History
of the Commando's.

Naturally I am more
particularly interested in
the Litani River & Rammel
Raids, as I hope to write
the account of them
myself. I would be very
grateful if you could help,
& by putting me in touch
with any 11th Commando
men whom you may know.

Yours truly

Elizabeth Keyes
